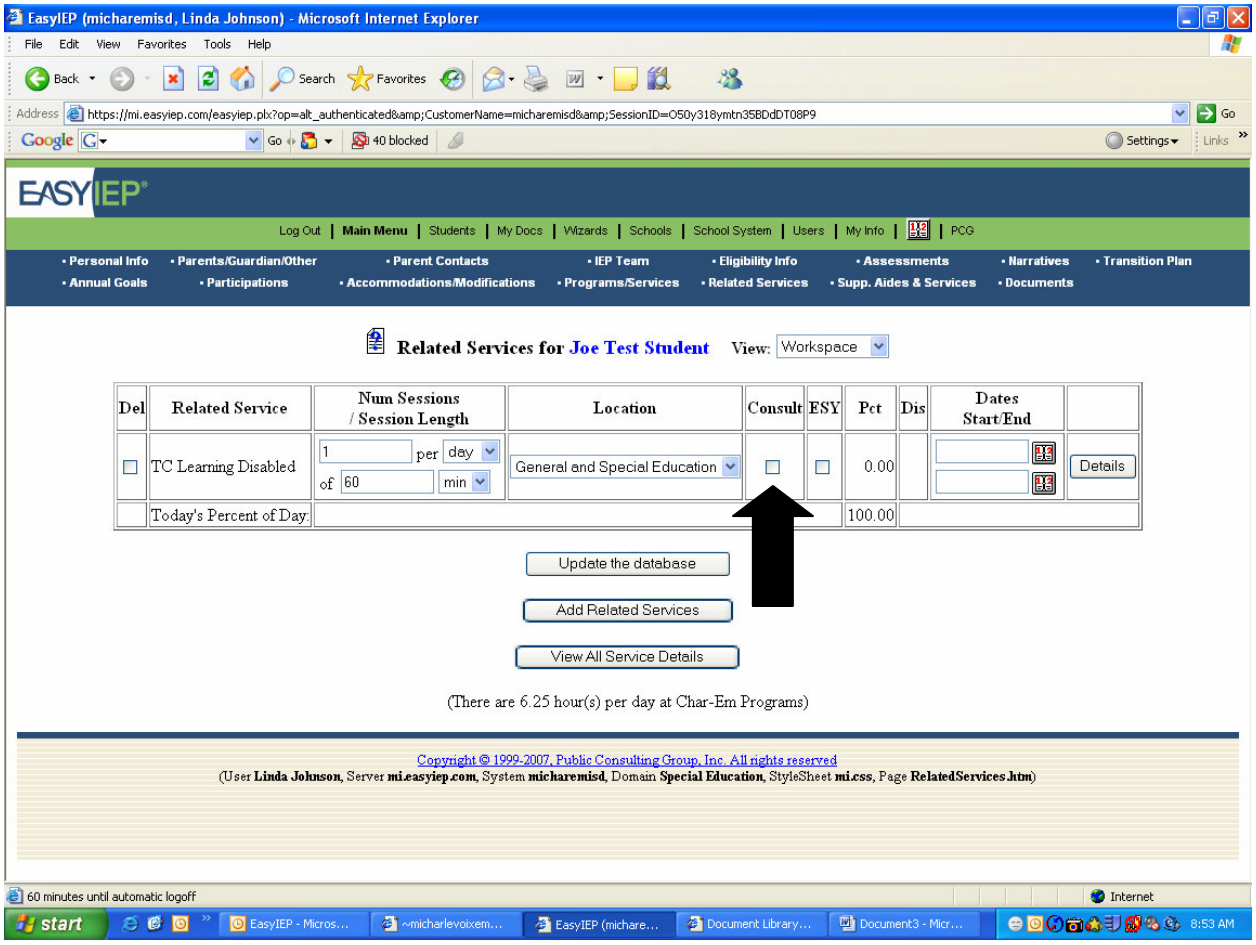
EASY IEP and RELATED SERVICES

If you are a Teacher Consultant or other related service provider (OT, SSW, PT, TC, SLP) and you are providing a Related Service to a student, do NOT check the box in the “Consult” column of the Related Services workspace.

If you put a checkmark in this box, your service will be displayed as a Supplementary Aids and Services.

So, if you want your service to remain a RELATED SERVICE, do **NOT** put a checkmark in the Consult column.


If you want your service to be a CONSULT, use the Supplementary Aids and Services workspace.
